Subject: FW: sharing E learning report with provosts 01/28/2005 09:42 AM

Hi Fred,

At the OLN Board meeting in December, the Board directed me to visit with the provosts and get their input, critique of our E Learning report and ideas for future reports. Could I meet with the provosts in the coming months to share this report? The report is attached. We have not distributed it widely since we do not have all the enrollments in this preliminary report.

I met yesterday with the IUC provosts to share the report and will work with AICUO to share it at the independent schools.

Thanks Kate
